WHAT'S NANTA?

NANTA is a non-verbal musical performance of reckless rhythms that dramatize customary Korean percussion in a strikingly comedic stage show. It integrates unique tempos with a performance style added with a comical twist.

The kitchen is the backdrop of **NANTA** and knives and other kitchen utensils are transformed into musical instruments in the hands of the performers. The audience are entertained with acrobatic cooking shows, a surprise wedding ceremony, and an exciting dumpling challenge. The highlight of the show is the “Drum Sequence” where the chefs beat on drums making the audience confused whether the sound is the beating of the drums or the pounding of their hearts.

As the energetic spectacle for all ages and the landmark of Seoul and Jeju which attracts tourists from all over the world, **NANTA** aims to become the longest-running show in Korea. The exclusive **NANTA** theatres and through the numerous world tours (57 Countries. 310 cities), **NANTA** has entertained more than 10 million audiences.

Celebrating the 20th anniversary in 2017,

NANTA is more than ready for continuous success throughout the decades to come.
